Beyond the Swing Evaluation

At GOLFTEC, we know that lasting improvement takes a comprehensive approach of sequential lessons, video-based practice and club fitting. That's why our Game Plans include everything and come in different sizes based on your current game, goals, and budget. You'll work with your Coach to determine the best way to use your lessons including full-swing, putting, chipping and on-course lessons. And you'll get Free Club Fittings with an active Lesson Pack or Game Plan.
